

# Mental subtraction strategies within 100

## TRY IT ON THE LINE

Use the number line to place, count and round the numbers in the lesson.

1. Mark each number from the lesson with a small cross.
2. Count on (or back) in equal steps and label where you land.
3. For a rounding task, mark the two nearest tens and ring the closer one.

## PRACTICE

- 1 Mr Ó Briain prints **695** maths worksheets and **967** reading worksheets in the photocopier room for tomorrow's lessons. How many worksheets has he printed altogether?
- 2 4th class collect **967** autumn leaves for an art display about the woods at Glendalough. They use **695** of the leaves to make a big mural on the noticeboard. How many leaves are left over?

## CHALLENGE

- 1 The school library has a target of reading **8528** books across all classes this year. By Easter, the pupils have logged **3386** books read. How many more books do they need to read to reach the target?
- 2 At the GAA county final in Croke Park, **3386** supporters travel from Cork and **8528** supporters travel from Galway. How many supporters from the two counties are at the match in total?
