- 1. Colour every multiple of the number in the lesson.
- 2. Describe the pattern the coloured squares make.
- 3. Count how many multiples there are up to 100.

PRACTICE

- 1 The 4th class library has 84 books on each of its 5 shelves. How many books are there in total?
- 2 Cara gets 4 daily maths questions right every day in 4th class. After 10 school days, how many questions has she answered correctly in total?

CHALLENGE

- 1 For an autumn art lesson, 4th class collect 249 leaves from the school yard each day for 9 days. How many leaves do they collect in total?
- 2 Tadhg is painting a banner for GAA finals day at the club. He paints 7 rows of stars on the banner, with 9 stars in each row. How many stars does he paint altogether?
