

## Lesson 3

## Our senses help us investigate

living-things

**What you need:** feely-bags (drawstring or sock) with one safe object each (pine cone, pebble, conker, sponge, feather, shell) · sound jars (lidded jars holding rice, pasta, paperclips, a little water) · smell pots (small pots with orange peel, mint, coffee, lavender, foil lid with a pin-hole) · ObservationSheet (Investigation Journal page)

## Words to use

Observation · Our senses

## Our question

Which sense helped us make the best careful observations today?

## What I observed

I predicted	I observed

## Draw and label what you see

## Labels I used

---

---

## Touch – what did it feel like?

---

---

## Sound – what did you hear?

---

---

Lesson 3

Smell – what did it smell like?

---

---
