

Lesson 2

# The Main Organs of the Human Body

living-things

**What you need:** roll of lining paper · thick markers · organ cut-outs (brain, heart, lungs, stomach, intestines) · Investigation Journal page

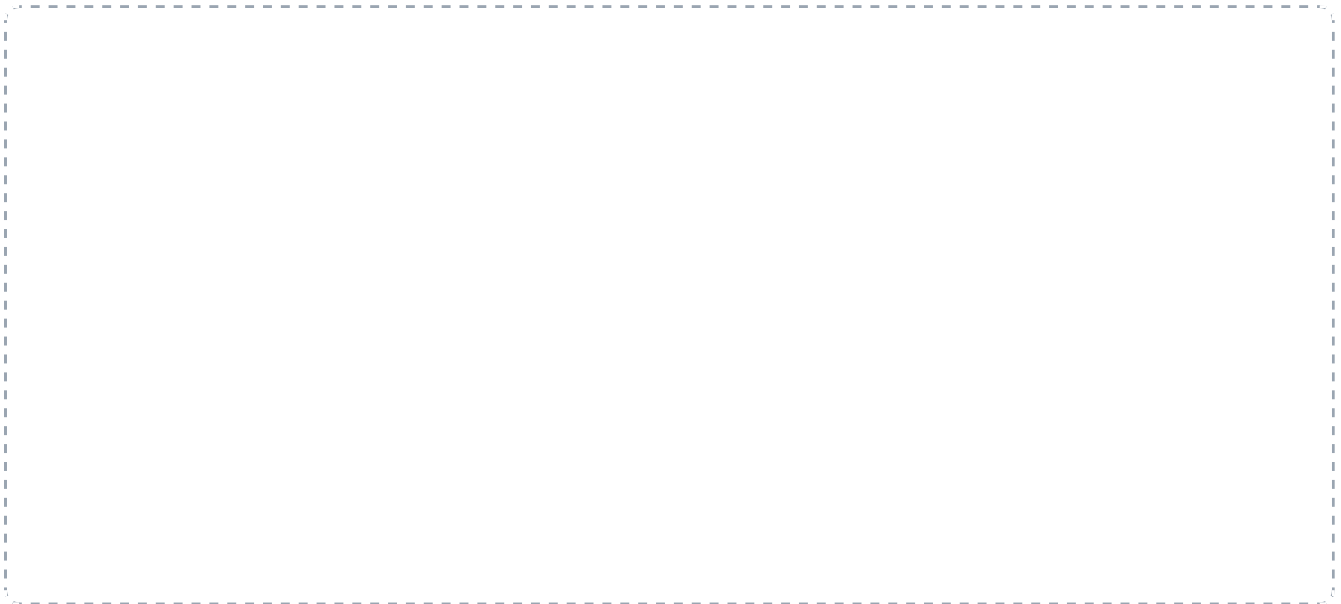

**Words to use**

Organ · Brain · Heart · Lungs · Stomach · Intestines

**Our question**

Why is it so useful that doctors can see inside us with X-rays and scans?

**My labelled drawing**

**Labels to use**

brain · lungs · heart · stomach · intestines

**Labels I used**
