

- 1 Look at the long hand. It points straight down at the **6**.
- 2 Look at the short hand. It sits halfway between **2** and **3**.
- 3 The hands show half past **2**.
- 4 Write the matching digital time as **2:30**.

Draw the hands on the blank clock faces to show each given time.

1. Draw hands for half past 8 and quarter past 1
2. Draw hands for half past 6 and quarter to 5
3. Draw hands for 4:05 and 9:30

- 1 The classroom clock hands show half past **7** at the end of reading. What numbers belong on the digital screen?
- 2 Maths starts at quarter past **3**. Write the digital time the teacher sees on the wall screen.
- 3 After-school club finishes at half past **6**. What digital time matches the clock hands?
- 4 Home time is quarter to **5**. What digital numbers show the same time as the hands?
- 5 The PE lesson begins at **8:10**. Where must the short and long hands sit on the classroom clock?

Emma writes 'ten to 8' as a digital time like this:

Emma is wrong. What is the correct digital time?
