

MAKE 80C FOR FRUIT

- 1 The fruit costs **80c**.
- 2 Place one **50c** coin first.
- 3 Add one **20c** coin to reach **70c**.
- 4 Add one **10c** coin to make exactly **80c**.
- 5 A second way is four **20c** coins.

WARM-UP

Build each amount on the coin mat using real coin values.

1. Build 35c on the coin mat

€2	€1	50c	20c	10c	5c	2c	1c

2. Build 80c in two ways on the coin mat

€2	€1	50c	20c	10c	5c	2c	1c

3. Build €1.50 on the coin mat

€2	€1	50c	20c	10c	5c	2c	1c

PRACTICE

- 1 A small yoghurt costs **35c** in the food shop. Which coins make **35c**?

? ALWAYS, SOMETIMES, NEVER

Always, sometimes or never true? Write A, S or N.
