

Magnet sorting: yes or no

energy-forces

What you need: strong chunky magnets · mixed test objects (paperclip, key, metal spoon, wooden peg, crayon, plastic button) · sorting hoops · small trays for objects · fridge magnet or classroom magnetic catch (for the close)

Does the magnet pull it, or does it not?

 the magnet pulls it	 it does not

Will the magnet pull this one?

Point to the hoop you choose for your guess.
