

Lesson 27

Scratch: loops and events

technology

What you need: tablet or laptop with Scratch · Investigation Journal page

Words to use

Loop · Event · Debug

Our question

How can a loop and an event control what a football sprite does in Scratch?

I predict...because...

What we found out

What does your loop repeat?

What event starts each script?

What bug did you find and fix, or what change did you try when something looked wrong?
