

Build Log

Build the prototype

engineering

What you need: Design Brief pages completed earlier in this project · cardboard sheets and box offcuts · cardboard tubes (kitchen-roll or wrapping-paper tubes) · masking tape · string · elastic bands · lolly sticks · newspaper · clean plastic containers (tubs or bottles) · glue sticks · scissors · 30 cm ruler · group name labels or sticky notes · sticky notes for mid-build plan-change jots · Investigation Journal page

Words to use

Prototype · Design Brief · Plan change

What part of the plan we built today

Our prototype so far

What we changed from the plan, and why

The next thing we must fix
