

# Build a strong tower

engineering

**What you need:** newspaper sheets · masking tape roll · paper cups · card offcuts · small soft toy · scrap design paper · Investigation Journal page

## Words to use

Free-standing · Wide base

## Our question

Will our tower stand on its own and hold the soft toy on top?

I predict...because...

---

---

## What we found out

---

---

---

## Draw Our finished tower and the feature that helped it stand

## Why does it suit its home?

Choose one living thing you found and finish: It has \_\_\_\_\_, which suits it to \_\_\_\_\_ because \_\_\_\_\_.

---

---

## Did the tower hold the teddy?

---

---

## What one change helped most?

---

---
