

WRITING TWO HUNDRED AND SIXTEEN

- 1 Hear 'two hundred' and place **2** in the hundreds column first.
- 2 Hear 'sixteen' as one ten and six units, so place **1** in the tens column.
- 3 Place **6** in the units column to finish the digits.

 WARM-UP

Write each number in the H T U place-value columns on the page.

H	T	U

1. Place the digits of 143 in the H T U columns
2. Place the digits of 408 in the H T U columns
3. Place the digits of 700 in the H T U columns

 PRACTICE

- 1 The teacher counts one hundred and fifty-seven crayons in the art box. Write the number in digits.
- 2 There are **243** reading books on the classroom shelf. Write this number in words.
- 3 The class has two hundred and sixty stickers for the reward chart. Write the number in digits.
- 4 Six hundred and two pencils are ready for the test. Write the number in digits, watching the zero.
- 5 The school hall holds **506** chairs for assembly. Write this number in words.

! SPOT THE MISTAKE

Emma writes two hundred and sixteen in digits like this:

two hundred and sixteen = 261

Emma's digits are in the wrong order. What should she write?

REFLECT

Which feels easier — reading a number in digits or writing it in words?
