

# Screens and no screens

## technology

**What you need:** sorting hoops with simple labels (has a screen · no screen) · tray of safe everyday helpers (tablet or toy phone, remote control, wooden spoon, hairbrush or paintbrush, small bell, fabric scrap with a zip) · picture cards for helpers hard to bring (microwave, television, analogue clock) · crayons

### Our question

Can you name one helper with a screen and one with no screen?

Does this helper have a screen, or no screen?

|  has a screen |  no screen |
|------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|
|                                                                                                |                                                                                             |
|                                                                                                |                                                                                             |
|                                                                                                |                                                                                             |
|                                                                                                |                                                                                             |
|                                                                                                |                                                                                             |

Draw one helper with a screen and one helper with no screen

Which helper has a screen?

Which helper has no screen?
