

Technology that helps us

technology

What you need: wooden spoon · plastic whisk · plastic measuring jug · plastic colander · chunky torch with sealed battery compartment · mini dustpan and hand brush set · cleaning cloth · scrubbing brush · sorting trays or paper sort spots (or hoops if space allows) · job label cards (helps us cook; helps us see in the dark; helps us tidy)

Our question

Who might use this helper, and how does it help them?

Sort each helper into one group by the kind of help it gives: helps us cook, helps us see in the dark, or helps us tidy. Say the reason aloud.

helps us cook	helps us see in the dark	helps us tidy
