

# How animals grow and change

living-things

**What you need:** life-cycle picture cards (frog: spawn, tadpole, froglet, adult; hen: egg, chick, young hen, adult; sheep: newborn lamb, growing lamb, young sheep, adult) · sorting strip or table space marker (start to finish)

## Words to use

Life cycle · Grow and change · Young and adult

## Our question

How does a baby animal you know change as it grows older?

## Draw and label the cycle

## Labels to use

frog spawn (egg) · tadpole · froglet · adult frog

My return arrow goes from \_\_\_\_ back to \_\_\_\_, and I would call it

---

---

Which stage is the youngest?

---

---

What is one way the animal changed?

---

---
