

Describing materials: their properties

materials

What you need: materials samples tray (wooden lolly stick, fabric scrap, paper strip, metal spoon, clear plastic strip from a document wallet, foil piece) · property word cards (hard, soft, bendy, see-through, rough, smooth) · sorting hoops or clear desk zones

Words to use

Property · Bendy

Our question

Why is a window see-through when a wall is not?

Words to sort

wooden lolly stick · fabric scrap · paper strip · metal spoon · clear plastic strip · foil piece

Does it bend without breaking?

bends without breaking	does not bend

Is it bendy or not bendy?

Is it hard or soft?

Is it rough or smooth?
