

Sounds all around us

energy-forces

What you need: clipboard · pencil

Words to use

Sound source · Loud and quiet · Near and far

Our question

What sounds will we hear indoors and outdoors, and where will they come from?

Words to sort

sounds from our Investigation Journal pages

First sort a handful of sounds from our journals as loud or quiet using the loud side and the quiet side. Then sort those sounds as near or far using the near side and the far side. Use what our ears told us on the hunt.

loud	quiet

Draw and label what you see

Labels I used

What sound can you hear?

What is the sound source?

Lesson 20

Is it loud or quiet?
