

Step by step: first algorithms

technology

What you need: routine step cards (brushing teeth, packing a school bag, making toast) · clear floor space for play-robot mime

Words to use

Algorithm · Order

Our question

Can we put the steps for an everyday job in the right order so a robot friend can follow them exactly?

Draw the steps of your job, in order

Did the robot finish the job? Draw a tick or a happy face

What we would do differently next time
