

Classifying with our own criteria

living-things

Today's job

Choose the criteria you will sort by, then build a branching key another group can follow to name a mystery living thing.

Words to use

classify · criteria · branching key · yes or no · plant / animal · habitat · legs / no legs · diet

Our seven living things

badger, heron, earthworm, bee, fern, oak, frog

The criteria we chose

Question 1 and our first sort

Q1: _____?	Living things in this pile
YES pile	
NO pile	

One full path of our group's key, from Question 1 to a named living thing

One question we rewrote so it is easy to answer by looking

Strongest question in our key, and what we would change next time
