

Food chains, webs and interdependence

living-things

Words to use

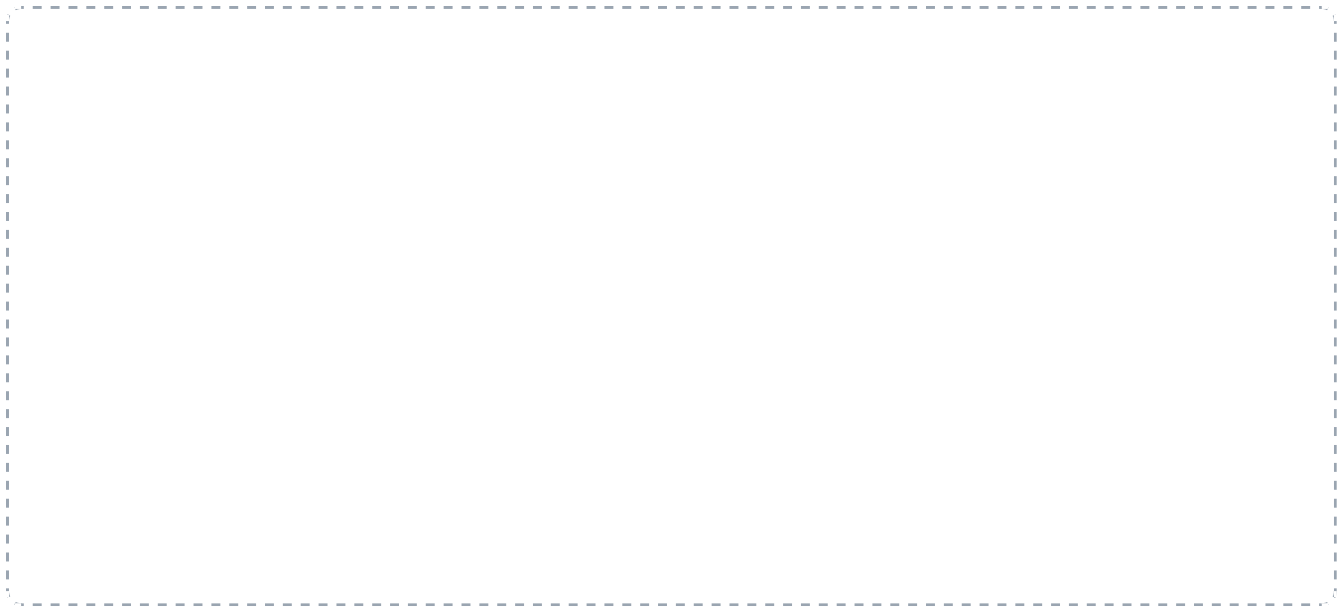

Food chain · Producer · Consumer · Food web · Interdependence

Our question

What happens to the rest of the food web when one link is removed?

I predict...because...

Draw and label your food web – show the arrows the way energy flows

Labels to use – pick five or six

grass · oak leaves · clover · rabbit · caterpillar · slug · earthworm · robin · thrush · hedgehog · fox · buzzard

The producer I marked, and two consumers that depend on it

What I found out
