

Life Cycles and the Irish Year

living-things

Words to use

life cycle · stage · season · needs · warmth · daylight · shelter · food

Our question

Why does each life-cycle stage happen in the season it does? Argue from what the stage **NEEDS**.

The living thing my group worked on

Each stage, and why it happens then

Stage	What it needs	The season	Why then

A stage that could fit more than one season, and why

A hedgehog hibernates through the cold. From its needs alone, when are its young born, and why?

What I found out
