

Our school habitat and its food chain

living-things

What you need: hand magnifiers · shallow collection trays · gloves · food-chain cards (dead leaves, woodlouse, blackbird) · laminated microhabitat photo cards · tray of leaf litter (indoor fallback)

Words to use

Habitat · Food chain · Depend

Our question

How do living things in the habitat we explored depend on each other?

Draw and label the order

Labels to use

dead leaves · woodlouse · blackbird

The order I found

What plants did we find?

What animals or minibeasts did we find?

Which living thing surprised you most?
