

Build Log

Build the prototype

engineering

What you need: group Design Brief (Investigation Journal design page) from earlier in this project · prepared junk-modelling kit bag or tray · cardboard boxes, tubes and scrap card · newspaper sheets · masking tape · string · elastic bands · clean plastic bottles or cups · round-tip scissors for simple table cuts · sticky notes

Words to use

Prototype · Design Brief · Build change

What part of the plan we built today

Our prototype so far

What we changed from the plan, and why

The next thing we must fix
