

Where do sounds come from?

energy-forces

What you need: clipboard · pencil · plain jot page for the clipboard (optional if journal page is taken on the hunt)

Words to use

Sound source · Natural or made by people

Our question

What sound sources did we find around our school, and how can we sort them?

Words to sort

sounds found on the hunt (pupil examples from the Investigation Journal page)

Two quick passes on the same journal rows: first tick N or P (natural or made by people), then tick L or Q (loud or quiet) on those same sounds.

natural	made by people

What sound can you hear?

What is the source (the thing making it)?
