

Order the steps, spot the repeat, find the bug

technology

What you need: step-card sets for class dance, border pattern and tidying the room (7 cards per set) · ready buggy step-card sets (correct set with one bug card already in place: jump once; green circle; book under the chair) · correct replacement cards for the fix (clap twice; blue triangle; book on the shelf) · squared paper · crayons or pencils for circling the repeat

Words to use

Repeat · Bug

Our question

What order makes our job work, and which part repeats?

I predict...because...

What we found out

Which part repeated?

How many times did that part happen?

Which step happened only once?

What the bug was

How we fixed it
