

CONVERT $2\frac{1}{2}$ HOURS TO MINUTES

- 1 Write 2 hours as $2 \times 60 = 120$ minutes.
- 2 Write the half hour as $\frac{1}{2} \times 60 = 30$ minutes.
- 3 Add the parts: $120 + 30 = 150$ minutes.

WARM-UP

Draw hands on the blank clock faces.

1. Draw 2 o'clock on the first clock.
2. Draw half past 3 on the second clock.
3. Draw quarter past 7 on the third clock.

PRACTICE

- 1 A game lasts **5 hours**. How many minutes is that? _____
- 2 A play session is **240 minutes** plus another **45 minutes**.
How many minutes altogether? _____
- 3 A match lasts **3 hours**. How many minutes is that? _____
- 4 A tournament runs for **180 minutes**. How many hours is that? _____
- 5 A camp lasts **3** days. How many hours is that? _____

? ALWAYS, SOMETIMES, NEVER

Always, sometimes or never true? Write A, S or N.
