

SORT THE JUICE CARTON

- 1 Look at the juice carton beside the milk carton labelled 1 litre.
- 2 The juice carton is much smaller than the milk carton.
- 3 So the juice carton holds less than one litre.

PRACTICE

- 1 In the food shop Aoife picks up a small yoghurt pot. Use the 1 litre milk carton as your check. _____
- 2 At home the bath is ready for a wash. Compare it with the 1 litre milk carton. _____
- 3 Dad pours tea into a mug at breakfast. Think how it compares to the 1 litre milk carton.
Does a mug hold more than, about or less than 1 litre? _____
- 4 After shopping Mum fills the washing-up bowl at the sink. Sort it using the 1 litre milk carton check. _____
- 5 In the drinks aisle the lemonade bottle has a clear label. Use the label clue with the milk carton check. _____
- 6 On the kitchen shelf sits a tiny medicine cup. Sort it against the 1 litre milk carton without pouring. _____

? ALWAYS, SOMETIMES, NEVER

Always, sometimes or never true? Write A, S or N.
