

PLACING THE WINTER MONTHS

- 1 Name the four seasons in order: spring, summer, autumn, winter.
- 2 Winter holds the months **December**, **January** and **February**.
- 3 Write winter and list those three months under it.
- 4 Check the order: December then January then February.
- 5 After winter the next season is spring.

PRACTICE

- 1 A sunny Irish beach is busy in the warm part of the year. Name the three months that make the summer season. _____
- 2 Spring lambs appear in the fields. Which season does the month of March belong to? _____
- 3 The long summer holidays end and the leaves start to fall. Name the season that follows summer. _____
- 4 Leaves fall and the new school year starts. Name the three autumn months in month order. _____
- 5 Summer is nearly here. Name the month that comes immediately before June. _____
- 6 Snow is falling and it is very cold outside. Which season is it most likely to be? _____

? ALWAYS, SOMETIMES, NEVER

Always, sometimes or never true? Write A, S or N.
