

TWO 50C COINS MAKE €1

- 1 Take two 50c coins from the tray.
- 2 Add the values: $50c + 50c = 100c$.
- 3 100c is the same as one whole euro.
- 4 So the two coins equal €1.

WARM-UP

Use the coin mat to show each coin.

€1	50c	20c	10c	5c	2c	1c

1. Put one €1 coin on the mat to show one euro.
2. Put one 50c coin on the mat.
3. Put one 1c coin on the mat.

PRACTICE

- 1 On the shop counter Maeve sees a €1 coin beside a 50c coin. Which coin is worth more? _____
- 2 Tom finds a €1 coin and a 1c coin in his pocket. Which coin is worth more? _____
- 3 In the shop till Sara sees the shiny gold-and-silver €1 coin. Is it a euro coin or a cent coin? _____
- 4 Dan empties his piggy bank: a €1 coin, a 1c coin and a 50c coin. Write them least value first. _____

? ALWAYS, SOMETIMES, NEVER

Always, sometimes or never true? Write A, S or N.
