Lesson 7

Plan and take an action

Living Things

Words to use

Biodiversity action · Evidence-based choice · Success sign

The action we chose, and the outdoor spot

Which audit finding does this action answer?

Two success signs we will check later (at least one that next session can see)

What I did in my job

Draw our finished action and label it: what it is made of, and which living things it is for

Why this should help living things here

If the plan changed outdoors: what changed, and why
