High ground and low ground

High ground and low ground

Name _____ Date _____

LABEL

Label the picture. Use the words in the box.

1 _____

2 _____

3 _____

4 _____

5 _____

village | stream | steep slope | low ground | high ground

CIRCLE

Circle the right answer for each question.

A contour line joins places of the same — height / size

When contour lines are far apart, the ground rises — gently / very fast

The key on a contour map helps us read — height / the weather

FINISH

Finish the sentence.

The map shows high ground and low ground by using _____

Key words

high ground · low ground · contour · steep
