Lesson 95 Pictograms: one symbol means one

READING THE FAVOURITE-SPORTS PICTOGRAM

1. The key says each picture = **1** pupil.
2. Count the footballs in the Football row one by one: 1, 2, 3, 4, 5, 6, 7, 8.
3. There are **8** footballs, so **8** pupils chose football.

WARM-UP

Use the favourite-sports pictogram above to answer each task.

1. Which sport did the fewest pupils choose, and how many chose it?
2. How many more pupils chose swimming than running?
3. How many pupils chose basketball and hockey altogether?

PRACTICE

1. Look at the favourite-sports pictogram above. One picture means **1** pupil. How many pupils chose rugby? _____
2. On the same pictogram, how many pupils chose swimming? _____
3. How many pupils chose football and rugby altogether on the favourite-sports pictogram? _____
4. On the favourite-sports pictogram, how many more pupils chose rugby than hockey? _____
5. How many pupils chose basketball and running altogether on the favourite-sports pictogram? _____
