Lesson 8

Change a habitat: what happens?

Living Things

Words to use

Habitat change · Knock-on effect · Model

Our question

When a hedge is cut away, do only the plants feel it, or do other living things feel it too?

I predict: who will feel it first, and will the birds be all right? Because…

Our Hedge Game

Round	Plants	Insects alive	Birds alive
With the hedge			
Hedge cut away			
A wild corner			

With the hedge: draw it, with its insects and birds

Hedge cut away: draw what is left

What the real cards showed: two before-and-after facts

What I think now: one knock-on effect I can explain

One thing our game left out
