Lesson 35

Design Brief

Plan and draft the helper

Engineering

Words to use

User · Ask and watch

The problem

> **Design a simple helper that makes one awkward job easier for a real user in our school.**

Who is our user?

What job is awkward for them?

One thing I saw when they tried it

Quick idea 1

Quick idea 2

My clearer plan: draw the idea you chose. Label at least two parts.

What I will use from the tray
