

Division as grouping and the division–multiplication link

MODULE 2 · THE FOUR OPERATIONS — MENTAL AND WRITTEN NUMBER

★ STRETCH PROBLEMS

- 1 The 4th class cake sale raises €108 for the Junior Infants' new playground. The money is shared equally between 4 pieces of playground equipment. How much is spent on each piece?
- 2 Tadhg is painting a banner for GAA finals day at the club. He paints 7 rows of stars on the banner, with 9 stars in each row. How many stars does he paint altogether?
- 3 Cara gets 4 daily maths questions right every day in 4th class. After 10 school days, how many questions has she answered correctly in total?
- 4 Saoirse's granny bakes 48 slices of barmbrack for Halloween. She shares them equally onto 4 plates for the neighbours. How many slices are on each plate?
- 5 Aoife's mam spends €40 at SuperValu on 4 identical packs of school-lunch yoghurts. Each pack costs the same amount. How much does one pack cost?
