

Money: totalling a shopping basket

 STRETCH PROBLEMS

- For the class breakfast morning, Aoife checks two prices at Centra: a bag of oats costs €4.09 and a jar of honey costs €4.90. Which one costs more, and how many cent are in each price?
- At the school tuck shop, a sticker sheet costs €7.40 and a pencil set costs €7.04. Which item costs more, and how many cent are in each price?
- 4th class run a raffle for the Christmas hamper. On Monday they take in €48.61 and on Tuesday they take in €35.83. How much have they collected altogether?
- 5th class collect €17.20 for the school tour fund in the first week and €19.64 in the second week. How much have they raised in total?

€10

€5

€2

20c
- Cara and Tadhg are cousins splitting the cost of a present. Cara has €1.50 saved and Tadhg has €1.05 saved. Which cousin has more, and how many cent are in each amount?

● INVESTIGATE

Spend exactly €5?

You have **€5.00** to spend. Make up a price list of at least 6 small items (use real cent prices). Find three different baskets that total as close to €5 as you can without going over. Which basket gives the **least** change, and how did you check?
