

Money: value for money and spending a set amount

HOW TO ANSWER TODAY

- **Make change.** Change = what you paid – what it cost.

Paid €10, cost €6.75 $\rightarrow$ €10 - €6.75 = €3.25

 STRETCH PROBLEMS

- 1 Oisín buys the porridge oats and toppings for the class breakfast morning. The ingredients cost €17.65 and he pays with a €20 note at the SuperValu till. How much change does he get?

€20
- 2 Cian pays for a birthday hamper at the SuperValu till with a €100.00 note. The hamper costs €24.79. How much change does he get back?

€50

€50

- 4 The school tuck shop takes in €45.17 on Monday selling pencils and rubbers. On Tuesday it takes in €30.38 selling stickers. How much money does the tuck shop take in over the two days?
- 5 The 4th class raffle for the Christmas hamper collected €48.57 in ticket money. Aoife spends €9.88 of it on wrapping paper and ribbon for the hamper. How much of the raffle money is left?

● INVESTIGATE

Spend exactly €5?

You have **€5.00** to spend. Make up a price list of at least 6 small items (use real cent prices). Find three different baskets that total as close to €5 as you can without going over. Which basket gives the **least** change, and how did you check?
