

The flat faces hiding on solids

MODULE 6 · SHAPE AND SPACE — 2D, 3D, POSITION AND TURNS

SHAPE & SPACE

★ STRETCH PROBLEMS

- 1 A cube is pressed face down in paint. What flat shape does it print? _____
- 2 A cylinder stands on its end in paint. What flat shape does it print? _____
- 3 A cereal box is pressed face down in paint. What flat shape does it print? _____
- 4 Which solid leaves no flat print: a cube or a sphere? _____

● INVESTIGATE

Paint prints

Draw the print a cube, a cylinder and a cereal box would leave in paint. Write the name of each print.
