

Left, right, above, below, between: position words

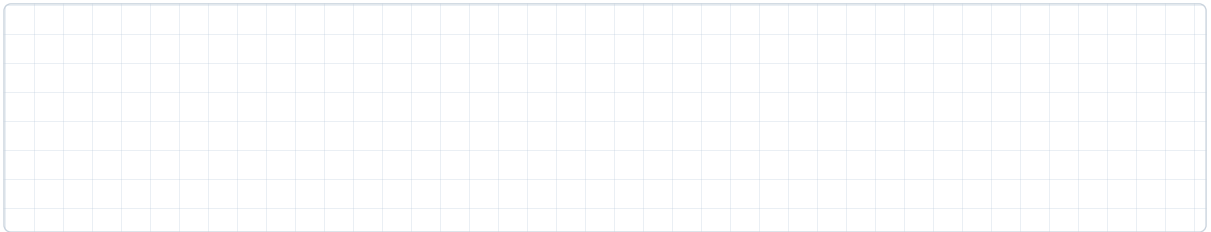

MODULE 6 · SHAPE AND SPACE — 2D, 3D, POSITION AND TURNS SHAPE & SPACE

★ STRETCH PROBLEMS

- 1 Draw a circle. Draw a square to the right of the circle.

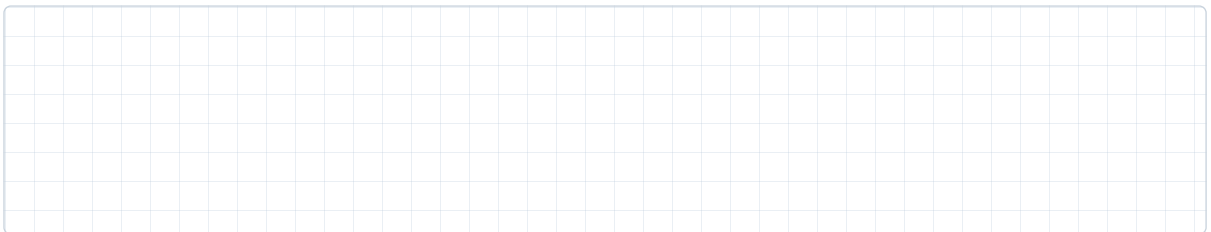

- 2 Draw a triangle between two circles.

- 3 A cat sits above a box. Draw them. Which one is below?

- 4 Draw a star. Draw a heart below the star and a moon to the left of the star.

● INVESTIGATE

Where is it?

Draw your pencil case and two things around it. Write left, right, above, below or between to say where each one is.
