

Slide, flip and turn: moving shapes without changing them

MODULE 6 · SHAPE AND SPACE — 2D, 3D, POSITION AND TURNS

SHAPE & SPACE

★ STRETCH PROBLEMS

- 1 A book slides across the desk and stays the same way up. Was that a slide, a flip or a turn? _____
- 2 A pancake is tossed over in the pan so it faces the other way. Was that a slide, a flip or a turn? _____
- 3 A triangle points up. After a half turn, which way does it point? _____
- 4 After a slide, a flip or a turn, is the shape still the same size? _____

● INVESTIGATE

Move a shape

Draw a triangle. Draw it again after a slide, after a flip and after a half turn. Write the name of each move.
