

The same amount, made different ways

MODULE 9 · MONEY — COINS TO 50C AND THE EURO

MEASURES

STRETCH PROBLEMS

- 1 Róisín tucks away his pocket money each week for a new GAA jersey and he has 2 coins including a 10c coin. Which other coin do you need to pay 12c exactly if you already have a 10c coin?

- 2 At the class breakfast morning the porridge ingredients cost 22c and you have coins 20 and 2 but already have the 20c coin. Which other coin do you need?

- 3 You want to pay **25c** exactly at the corner shop on the way home from school and you already have a **20c** coin and a **5c** coin. Which other coin do you need?

- 4 Oisín is totting up the school tour fund week by week with 5 and 5 coins. Which other coin do you need to pay 10c exactly when you already have a 5c coin?
