

Half of a set: sharing a group fairly

MODULE 10 · FRACTIONS — HALVES NUMBER

★ STRETCH PROBLEMS

- 1 Two children in the class have **14** crayons on their nature walk through the local park and want to share them fairly. How many does each child get?

- 2 Two children in the class have **6** crayons to share fairly between them. How many does each child get?

- 3 Two children share **14** crayons fairly to decorate the classroom for World Book Day. How many does each child get?

- 4 Two children are planting seeds in the school polytunnel in spring. They share **10** seeds fairly between them. How many does each child get?
