

Reading a pictogram: comparing the rows

MODULE 11 · DATA — TALLIES, PICTOGRAMS AND BLOCK GRAPHS

DATA & CHANCE

 STRETCH PROBLEMS

- 1 In the class the pictogram shows reading scores across the term of weekly tests and each picture stands for 2 and one row has 4 pictures. How many is that altogether?

- 2 The class uses a pictogram to record hurling scores from the Cumann na mBunscol blitz where one row has 12 pictures and each picture stands for one. How many is that altogether?

- 3 In the class the daily question results across a week are shown on a pictogram where each picture stands for one and one row has 12 pictures. How many is that altogether?

- 4 The class make a pictogram for their science investigation timing how fast water trickles through soil. One row has 5 pictures and each stands for 1. How many is that altogether?
