

Our school habitat and its food chain

3rd Class

Print and cut along the dashed lines, then hand one card to each group. These carry the **text a group reads** — a job to do, a brief to research, or notes to identify by. They are not sorted or sequenced, so there is nothing to match on screen.

Dead leaves

Fallen plant material on the ground. Once part of a living plant. ^{R_s} ^{R_s}

Woodlouse

A small minibeast found in damp leaf litter. ^{R_s} ^{R_s}

Blackbird

A garden bird that hunts for small animals on the ground
