

Steps in order: first algorithms

Senior Infants

Print and cut along the dashed lines. These carry the **text a group reads** — a job to do, a brief to research, or notes to identify by. Check the lesson's teacher notes for how many sets each group needs and how they are used: some lessons hand out one card per group, others sort or sequence a full set.

Bread

Take two slices of bread and put them on the plate

Butter

Spread butter on the bread

Filling

Put cheese, ham or jam on top

Together

Place the second slice on top to finish the sandwich
