

The right material for the job

1st Class

Print and cut along the dashed lines. These carry the **text a group reads** — a job to do, a brief to research, or notes to identify by. Check the lesson's teacher notes for how many sets each group needs and how they are used: some lessons hand out one card per group, others sort or sequence a full set.

Umbrella

Keeps rain off someone's head on a wet Irish day

Teddy

Soft for a child to cuddle and squeeze

Window

Lets people see outside while staying indoors

School bag

Holds books and stays strong when carried
