

Order the steps, spot the repeat, find the bug

2nd Class

Print and cut along the dashed lines. These carry the **text a group reads** — a job to do, a brief to research, or notes to identify by. Check the lesson's teacher notes for how many sets each group needs and how they are used: some lessons hand out one card per group, others sort or sequence a full set.

Step

Step forward once. $R_s R_s$

Bug

Draw a green circle. $R_s R_s$
