

Reading and writing tenths; tenths on a number line

ANSWER KEY

- a) Line the cross up with the correct tick.
- b) Each jump is the same size — keep them even.
- c)
Round to the ten you are closer to; halfway rounds up.

Q1: $6.96 = 6 + 0.9 + 0.06$

Q2: €4.90 (€4.09 = 409 cent; €4.90 = 490 cent)

Q3: 9 (tenths digit of 2.9)

Q4: €1.75 (write both as cent: 130 cent vs 175 cent)

EXTENSION SHEET · STRETCH ANSWERS

S1: $5.71 = 5 + 0.7 + 0.01$

S2: €3.80 (€3.80 = 380 cent; €3.08 = 308 cent)
