THE CULTURE POINT

Road signs use shapes as much as words

COPYBOOK MOMENT · 3 MIN

Draw four shapes in your copy and write the target-language word under each one.

Read as written. Pause the board; every pupil writes. Not collected, not marked.

WATCH FOR

- Pupils dropping the little word in front (l', le). It is part of the word, not an extra — mark it as a spelling wherever the page shows it. Crossword prints the word on its own, so no article is expected there.
- Accents. 2 of this lesson's words carry one (le carré, l'étoile). A missing accent is a missing letter.
